

【Indonesian】

Pada awal juli 2018, FIC (PT.FUJILLOY INDONESIA) telah melaksanakan Family Gathering ke -4, yang dilakukan di daerah Sukabumi (Jawa Barat), family gathering kali berbeda dengan acara di tahun-tahun sebelumnya karena menginap 2 hari 1 malam. Acara utamanya adalah rafting di Sungai Citarik yang diadakan di hari pertama. Sungai Citarik terpilih menjadi tuan rumah penyelenggaraan World Rafting Championship (WRC) 2015 yang pertamakalinya di Asia.

Tetapi sangat disayangkan bulan July sudah masuk musim kemarau sehingga debit air sungai citarik menurun dan menyebabkan jarak rafting sejauh 9 km berubah menjadi 5 km. tetapi semuanya tetap bisa bersenang-senang.

Selain rafting, ada banyak kegiatan yang berlangsung seperti api unggun plus barbeque, flying fox dsb.

FIC berkomitmen akan rutin mengadakan acara seperti ini demi menjaga kekompakan dan keakraban antar karyawan beserta keluarganya.

【English】

In the beginning of July 2018, FIC (PT.FUJILLOY INDONESIA) conducted the 4th Family Gathering, in Sukabumi (West Java), it was different from the event in the previous years due to 2 days 1 night stay. The main event was rafting on the Citarik River which was held on the first day. Citarik River was chosen to host the first World Rafting Championship (WRC) 2015 in Asia.

But it is unfortunate that the month of July has entered the dry season so that the river water flow citarik decreased and caused the distance of rafting as far as 9 km turned into 5 km. but everything can still have fun.

In addition to rafting, there are many activities that take place such as bonfire plus barbeque, flying fox etc.

FIC is committed to regularly organize events like this in order to maintain cohesiveness and intimacy between employees and their families.
