1. Qualitative Information on Quarterly Financial Results

(1) Explanation of Operating Results

The Japanese economy during the nine months ended December 31, 2023 experienced further normalization of economic activities mainly due to the easing of movement restrictions related to COVID-19, and saw gradual recovery. However, the economic outlook remained uncertain due to factors such as a surge in resource and energy prices and a global rise in prices impacted by the situation in Ukraine, the conflict in the Middle East, the prolonged weakening of the Japanese yen, and a slowdown in the Chinese economy.

Amid this environment, the Group has laid out a fiscal year goal of "innovation (be brave and daring)," striving to achieve higher quality, lower cost, shorter delivery time, and excellent service.

The Group has formulated the medium-term management plan for three years from the fiscal year ended March 31, 2022, aiming at "converting to a robust corporate structure and building a foundation for medium- to long-term growth," and, during the fiscal year ending March 31, 2024, the final year of the plan, has also been implementing various measures with the followings as priority measures:

- 1. Productivity improvement / Business efficiency improvement
- 2. Respond to next-generation vehicles / Sales expansion
- 3. Creation of new growth engines
- 4. Strengthening of overseas business

In concrete terms, in the field of "Productivity improvement / Business efficiency improvement," the Group set a manufacturing cost-rate reduction target of 4.4%, compared to the second quarter of the fiscal year ended March 31, 2020, and has worked on initiatives such as the expansion of introduction of automated conveying equipment and automated robots, the renewal of the metallurgy building in the Kumamoto Manufacturing Plant and CIP equipment in the Okayama Manufacturing Plant, as well as optimization of processing conditions and facility layout in our production bases.

For "Respond to next-generation vehicles / Sales expansion," the Group has focused on expanding sales of the new material of "VG48," which was launched for trimming die for motor core of automotive application, and developing new materials for further expansion of our material lineup.

For "Creation of new growth engines," the Group started a full-fledged effort on sales expansion of the high thermal expansion alloy "TR05/TR30," which is suitable for molds forming high performance lenses, having been awarded the Grand Prize for Technical Achievement by the Japan Cutting & Wear-resistant Tool Association. The Group was also awarded the Incentive Award of the "2023 Cho Monodzukuri Grand Award for Parts (Monodzukuri Nihon Conference / Nikkan Kogyo Shimbun)" for "ST60," a new material for which a significantly reduced amount of tungsten and cobalt, main raw materials for cemented carbide, are used.

For "Strengthening of overseas business," in July 2023, the Group established the Overseas Business Division and assigned an officer in charge of it to build a more agile structure to implement measures, and has worked on preparation for the opening of new overseas bases and other initiatives.

As a result, net sales for the nine months ended December 31, 2023 totaled ¥12,323 million (down 2.9% year on year).

For carbide tools, sales of grooved rolls for overseas markets and some drawing tools for steel pipes were strong. As a result, net sales were ¥3,509 million (up 5.2% year on year).

For carbide molds, although sales of molds parts for optical elements and motor core molds were strong, sales of rechargeable battery molds significantly dropped due to customers' relocation of manufacturing facilities, and sales of molds for automotive parts were sluggish, impacted by inventory adjustment of the parts manufacturers, and as a result, net sales were ¥2,883 million (down 6.1% year on year).

For other carbide products, sales of materials for China were lackluster due to a continued slowdown in the economy, although demand for semiconductor manufacturing equipment remained strong. As a result, net sales were ¥2,989 million (down 6.8% year on year).

In non-carbide products, as a result of sluggish sales of drawn steel pipes, net sales were ¥2,940 million (down 4.4% year on year), despite solid sales of some steel tools and molds for automotive parts.

On the profit front, operating profit was ¥590 million (down 34.0% year on year), ordinary profit was ¥649

million (down 32.1% year on year), and profit attributable to owners of parent was ¥477 million (down 27.4% year on year), impacted by a decrease in net sales as well as a temporary increase of expenses associated with construction of the metallurgy building in the Kumamoto Manufacturing Plant, although certain favorable results were accomplished primarily in the measure of Productivity improvement / Business efficiency improvement and in revising prices in accordance with the surging cost of raw materials, etc.

Segment information has been omitted because the Group is comprised of a single business segment, the wearresistant tool-related business.

(2) Explanation of Financial Position

(Assets)

Total assets at the end of the nine months ended December 31, 2023 increased by ± 247 million to $\pm 26,500$ million ($\pm 26,253$ million at the end of the previous fiscal year). Current assets decreased by ± 586 million to $\pm 15,138$ million ($\pm 15,724$ million at the end of the previous fiscal year). This is primarily attributable to decreases of ± 453 million in notes and accounts receivable - trade and ± 201 million in raw materials and supplies, despite an increase of ± 189 million in merchandise and finished goods. Non-current assets increased by ± 833 million to $\pm 11,362$ million ($\pm 10,528$ million at the end of the previous fiscal year). This is mainly attributable to increases of $\pm 1,488$ million in buildings and structures, net and ± 261 million in machinery, equipment and vehicles, net, despite a decrease of $\pm 1,172$ million in construction in progress.

(Liabilities)

Total liabilities at the end of the nine months ended December 31, 2023 increased by \$165 million to \$6,025 million (\$5,860 million at the end of the previous fiscal year). Current liabilities increased by \$161 million to \$4,359 million (\$4,197 million at the end of the previous fiscal year). This is mainly attributable to increases of \$361 million in accounts payable - other and \$179 million in provision for bonuses, despite a decrease of \$438 million in accrued expenses. Non-current liabilities increased by \$3 million to \$1,666 million (\$1,662 million at the end of the previous fiscal year).

(Net assets)

Total net assets at the end of the nine months ended December 31, 2023 increased by \$82 million to \$20,474 million (\$20,392 million at the end of the previous fiscal year). This is mainly attributable to an increase of \$477 million in retained earnings due to the recording of profit attributable to owners of parent, offset by a decrease of \$634 million in retained earnings due to dividends of surplus, and an increase of \$173 million in foreign currency translation adjustment.

(3) Explanation of Forward-Looking Information, including Consolidated Earnings Forecasts

There is a revision to the earnings forecast for the full year announced in the "Consolidated Financial Results for the Fiscal Year Ended March 31, 2023" dated May 15, 2023. For details, please refer to the "Notice Regarding Revision of Financial Results Forecast" announced on February 14, 2024.

(Accounting Policies Adopted Specially for the Preparation of Quarterly Consolidated Financial Statements)

For the nine months ended December 31, 2023
(From April 1, 2023 to December 31, 2023)

(Calculation of tax expense)

The Company has adopted the method of calculating tax expenses based on a rational estimate of the effective tax rate, determined after applying tax effect accounting on profit before income taxes for the consolidated fiscal year including the nine months ended December 31, 2023, and multiplying the quarterly profit before income taxes with said estimate of the effective tax rate.
